SWING-A-WAY ANTENNA MOUNT

Affordable, Reliable and Removable

Royal
Communications
International, Inc.
introduces the first
hassle-free,
removable antenna
mount.

- Universal mounting system for canister style antenna tuners like the MICOM WIMA antenna or similar.

- Mounts in a standard 2" receiver style hitch.

- Allows full access to the rear hatch or tailgate in the open position.

- Powder-coated box steel design for maximum strength and durability.

- Includes grounding strap.
